SUPERVISORS HOLD REGULAR MEETING

SURVEYOR DIRECTED TO PROCEED WITH WORK OF MAKING SURVEYS OF COUNTY ROADS.

Chinese Petition for Reduction of Removal Tax on Bodies But Board is Disinclined to Grant Request.

The Board of Supervisors met in regular session Monday, November 6th, there being present P. H. McEvoy, presiding, Wm. H. Brown, Jas. T. Casey, and Jos. M. Francis.

The minutes of the previous meeting were read and approved.

John D. Willard, representing the district attorney, presented the returns and other documents showing that an election was held in the San Pedro school district on October 17th at which a unanimous vote was polled in favor of a bond issue of $7000 for the purpose of purchasing the necessary land and building and equipping a school house. The bonds are to run twenty years and bear 5 per cent interest.

On motion of Casey, seconded by Francis, a resolution was adopted establishing the matters presented by Willard and ordering the bonds of the district offered for sale.

Judge Fitzpatrick appeared on behalf of the Ravenswood Investment Company and presented a petition asking that certain streets in the Crow and Cooley tracts at Ravenswood be declared closed. The petition included the consent of all of the owners of the property. It was accepted and the clerk directed to give notice that the matter would be heard at the meeting to be held on December 4th.

Charles N. Kirkbride presented petitions signed by many citizens throughout the county asking that the board appropriate $200 monthly from the county exposition fund for the formation of a band of ever sixty members which will act as a county exhibit during the Panama-Pacific Exposition. The band is to be known as the Peninsula Band of San Mateo county.

Mr. Kirkbride addressed the board in support of the petition and presented a list of the county musicians who had agreed to join the organization. He said that as San Mateo county is a resident section its exhibit at the exposition would necessarily be different from those counties that were devoted to agriculture and other industries. Such a band as was planned would attract the attention of the people while county literature could be distributed with good effect.

Professor Aloise Winkler who is interested in the formation of the band said that by the time the exposition is under way he would have one of the most notable musical organizations in the country.

Chairman McEvoy doubted the board's authority to expend the money petitioned for. It was his opinion that the money for the county's exhibit would be expended by a commission created for that purpose.

The district attorney assured the board that having collected the money it had the power to expend it as in its judgment seemed best.

Addresses were made on the subject by Chas. M. Morse and J L. Brown of Daly City, advising the board to take favorable action on the petition.

Supervisor Brown moved that a committee be appointed to confer with Mr. Kirkbride and Professor Winkler in the matter and report to the board at the next meeting. The motion was seconded by Casey and carried.

School Superintendent Cloud presented two petitions, one from Portola district asking that a portion of that school district be added to Greersburg, and one from Halfmoon Bay asking that a portion of that district be annexed to Higgins district.

Both petitions were accepted and filed and will be acted upon at the next meeting.

Lee T. Ross presented a map of North Fair Oaks, Division No. 3, and asked that certain streets delinfated thereon be dedicated to public use. Postponed until the next meeting.

The following applications for license were presented and will be acted upon at the next meeting.

First township—Peter Testa, Visitacion.

First township—Michael Lynch, Colma; A. W. Furst, Millbrae; Jas. T. Casey, Colma; W. R. Markt, San Bruno Road; Pattaro & Binsacca, Colma, class C.

Second township—Victor Freine, Beresford.

Fourth township—Manuel Lewis, Halfmoon Bay.

On motion of Francis, seconded by Casey, the application of John Clark for a class C license at Miramar was rejected, Mr. Francis stating that that part of the county was well supplied with drinking places at present.

Ah You, an aged Chinese resident of San Mateo, petitioned the board for assistance. Brown explained that the applicant was an old resident of San Mateo and by reason of infirm health was unable to earn a livelihood. On his motion, seconded by Casey, the applicant was granted $8 per month.

Anna A. Piano of Redwood City, the mother of three small children, who has been deserted by her husband was granted $8 monthly on motion of Francis, seconded by Casey.

A communication was presented by the attorneys for the Chinese Six Companies of San Francisco declaring that it would be impossible to pay the tax of $10 levied by the board for the removal of bodies from the county on account of the large number to be removed. The company was willing to pay $2.50 or $3 for each body and have the work of exhuming done under the supervision of the government health authorities. It was stated in the communication that out of forty-nine counties communicated with none was found in which a fee is charged for removals, excepting the State tax.

Charles Stuart of council for the Chinese addressed the board asking that a date be fixed for hearing the matter. He said that his clients had not the means to carry out the removal of the bodies of their dead at the price fixed by the board.

Mr. Swart joined Mr. Stuart in asking that a date be fixed for a hearing in the matter.

The supervisors were disinclined to act under the circumstances and no action was taken.

A communication was received from the San Francisco Chronicle asking the board to take advertising space in its New Year number. The communication was accepted and referred to the County Development Association.

Offers were received from T. C. Rice, Donald MacKenzie and Mrs. Morgan for articles of discarded furniture and fixtures removed from the old courthouse. The applications were referred to the janitor.

A communication was received from the County Development Association asking the board to take action toward calling a bond election for the purpose of rebuilding and improving the county roads.

The matter was discussed at length and in conclusion a motion was made by Brown that the surveyor proceed to make a survey of the roads of the several townships, relocating them where necessary, with the object of getting the best grades obtainable, and working in conjunction with the different supervisors. The surveyor is authorized to employ such help as is required in the work and complete it as soon as possible together with his estimates of the cost of rebuilding the roads. The motion was seconded by Casey and carried.

Surveyor Neuman presented plans and specifications for a steel and concrete bridge on the county road near Millbrae. Mr. Neuman explained that the cost of the bridge would be greater on account of the position of the Spring Valley water main at that place. The plans were accepted on motion of Casey, seconded by Francis.

The chairman called attention to the need of a new culvert at the junction of the Woodside road and County road at Redwood City. On motion of Francis, seconded by Casey, the surveyor was directed to prepare plans for a concrete culvert at that place.

On motion of Francis, seconded by McEvoy, plans for a corrugated iron and concrete culvert near the Family Club at Portola was accepted.

Ordinance No. 250, regulating the confinement of hogs in the county was presented by District Attorney Swart and adopted on motion of Casey, seconded by Francis.

The following bids were received for constructing a concrete culvert near the Family Club at Portola:

Chas. P. Nott—$496; extra concrete, per yard, $8; time 30 days.

Harry B. Morey & Sons—$408; extra concrete, $10.50; time, 25 days.

On motion of Francis, seconded by Casey, the contract was awarded to Morey & Sons, they being the lowest bidders.

Francis stated that through a misunderstanding no bids had been presented for constructing the bridge at Purissima. The clerk was directed to republish the notice to contractors, bids to be opened at the meeting on December 4th.

On motion of Casey, seconded by Francis, Sheriff Mansfield was requested to present estimates of the cost of installing a padded cell in the county jail and also for constructing a pathway to the jail.

John O'Farrell, the gardener at the courthouse, exhibited branches of a white redwood tree growing in the mountains, which he desired to purchase and plant in the grounds. It would take two days to get the tree and cost in the neighborhood o, $20.

The clerk was directed to ascertain from some competent authority as to whether such a tree could be transplanted before making the purchase.

Clerk Nash was given authority, on motion of Brown, seconded by Casey to procure small maps of the voting precincts to be used in making registrations.

At 4 o'clock Chairman McEvoy left the board, calling Brown to the chair.

A number of claims were allowed against the different road districts, a list of which will be published next week.

The chairman appointed the whole board as a committee to confer on the matter of appropriating money for the proposed peninsula band.

GRAMMAR-SCHOOL CHILDREN HOLD PLAYGROUND EVENT.

The playground fete given by the grammar school last Friday afternoon attracted several hundred visitors to the school, and marking as it did, the installation of the new playground equipment, was one on of the happiest events ever given the children. The afternoon's program, which was successfully carried out by Mr. Mantz, principal of the school, and the corps of teachers, was in two parts, the first taking place at two o'clock in the Assembly hall. This consisted first of physical culture exercises by pupils of the seventh and eighth grades, under the direction of Miss Roche and Miss Caldwell. These were given with a precision that was warmly applauded.

The second number was composed of choruses by the receiving class, first and second grades. The little songs, which are very winning, both in words and music, were composed by Otis M. Carrington, music director of the school, and as sung by over 100 well-drilled childish voices, they were splendidly received. The concluding number was folk dancing under the direction of Miss Hazel Winter. This varied from the pretty little "I See You" dance of the receiving class to the dainty French dances of the older girls and the strenuous Russian dance of the fourth and fifth grade boys.

A large number of the pupils had been taken to the playgrounds before the concluding number in the assembly hall, so that when the guests arrived on the grounds for the second part of the program, all the play ground apparatus was in operation. Basket ball games between the girls' teams of the seventh and eighth grades and the fifth and sixth grades and a third game with a mixed team of boys, claimed a large share of the interest of the visitors, while foot ball, volley ball, hand ball, tennis, swings, see-saws, slides and sand-boxes all contributed to the happiness of the children and delight of the guests.

In a spiritrd and closely contested basket ball game the boys' "White Team" secured a victory over the "Yellow Team" by a score of 20 to 15. Another interesting basket ball event was the contest between the girls of the seventh and eighth grades, in which the eighth grade secured most points.

Before leaving the school, many parents visited the work shop of the manual training department and expressed great approval of the new branch of work in which the boys are entering with the keenest interest.

By way of correction it should be stated that the play ground apparatus was installed by the board of trustees, out of the funds of the school district, and not by a certain prominent local organization as was erroneously stated in a San Francisco paper.

Barg's Phenominal Berries

John C. Barg has a remarkable crop of Himalaya berries on his farm at Sunnyvale from which place he is shipping a chest of the berries to San Francisco daily. The berries are large and luscious. The shipments will continue as long as the weather remains good, until Christmas or later, as there are large quantities of green ones on the vines. Mr Barg has sold many of the rootings in this neighborhood and the results have been highly satisfactory, He is still supplying the demand for young vines.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

You may remember Oakland as the butt of Vaudevillian jokes for her slowness a few years ago. That's changed by Oakland's get—together spirit. Get that spirit here. Join the Developement Association.

A town that has nothing to do in the way of public improvement is on the way to the grave. Any citizen who will do nothing for the improvement of his town is helping to dig the grave. The man who is so selfish as to have no time from his business to give to city affairs is making the shroud. The man who fails to give his patronage to the local merchant frnishes the coffin. The merchant who does not advertise is driving the hearse. The man who is always pulling back from public enterprise throws bouquets on the grave. The man who is constantly howling hard times preaches the funeral sermon, and thus the town lies buried in sorrow and care.

A UNIQUE SITUATION.

As a result of the developments of its recent primary election the city of Los Angeles finds itself with a political situation on its hands which is unique in more respects than one. In the contest for the nominations for mayor a Socialist received the highest vote, and thus the finish fight is between the candidate of that party and the present Mayor, who owes his first election to the office to the "Progressives."

Commenting on the situation thus developed, and the efforts of the press and leaders of the city to avert the impending calamity, the San Jose Mercury says it is plain that Los Angeles is in dire straits and that it will take the entire vote of the city to extricate it, meaning, of course, the vote not controlled by Socialism, or in other words the new ultra-reform vote, the independent vote and the organization vote. If the city is to be saved the discredit of having a Socialist elected Mayor on December 6th, these elements must present a united front, and it is more than probable that they will—not because they love each other, but because of fear of what they regard as the common enemy.

What was the cause of this unusual condition of political affairs? What combination of circumstances drove so many good citizens to the support of the Socialist candidate at the primary? It seems obvious that these citizens had some clearly understood purpose, and regardless of any risk of temporary injury to the city were prepared to carry out that purpose.

The "Progressives" had controlled the city government and its patronage for the past two years. It has sought to perpetuate this combination by organizing a hard-and-fast machine and terrorizing all who dared to raise a voice against it. It has enacted laws in defiance of public opinion, riding roughshod over all protestants, until chafing under the tyrany they have at last desermined to get rid of it. The first opportunity presented was at the primary, and this was taken advantage of, their vote going to a Socialist in preference to a "Progressive." It was a dangerous alternative, but seemingly the only remedy in sight.

The so called "Progressives" are thoroughly scared. By the outrageous use of the power given them by the people they have forced a situation with which their own following is powerless to cope, and which can only be saved by the cooperation of those conservative citizens who can always be depended on in an emergency, the great mass of the people whose heads are level and whose ideas of government are not interwoven with the fads and fancies from the realms of dreamland.

Mayor Alexander as a citizen or official is better than his party. Indeed, his tendency to conservatism has weakened rather than strengthened him with his party. The present situation has afforded the "Progressives" a lesson which they should not soon forget. Well-considered reform is always popular, and it will be a sorry day when it ceases to be, but reform run mad, surrounded by visionary leaders, never lasts long. It catches but never holds the crowd. With the spectacle of Governor Johnson openly lending his support to an out-and-out railroad politician for sheriff of San Francisco, and his fellow-Progressives pleading for the support of the "organization" in Los Angeles, it would appear that the movement which leaped into fame over night a couple of years ago is already dangerously near the rocks, a victim of its own erratic behavior.

Fraternal Aid Initiation

Counil No. 557, Fraternal Aid Association, held its regular meeting last Thursday evening. The meeting was held in the Woman's Club house in Dingee Park. A large class of new "Aiders" was initiated and a good time enjoyed by all present. Those initiated were Mr. and Mrs. K. Murray, Mr. and Mrs. Cowgill, Miss Lida Cowgill, Mrs. Dora Wilson, and Mrs. Mittie Winiger. After the initiation and business was disposed of a banquet was served. When all had done justice ot the good things set before them, dancing and card games were indulged in until a late hour.

Einstein has received the swellest lot of hats for misses and children ever shown in Redwood.

RAILROAD MUST CARE FOR STOCK IN TRANSIT.

No matter what a man agrees to do with his livestock when he ships horses on a train, the railroad company is responsible for the care of the animals in transit. Such was the decision of the Supreme Sourt handed down yesterday in the case of E. B. Mering, who was refused damages for the loss of a valuable mare intrusted to the Southern Pacific Company, and was also refused an ew trial by the lower court. According to the Supreme Court's decision, he gets a new hearing.

Mering shipped a mare from Woodland to Redwood City, to his brother-in-law, Thomas Hind, and stipulated in his contract with the railroad that he would accompany the horse and give it food and water. This he did not do, and when the mare came to the end of a 46 hour passage she was so faint that she died. In the hearing which followed the railroad company produced the contract in which Mering's agreement was set forth, and also his valuation of $20 upon the horse, for which he was asking $508 damages.

The lower court disposed of the case in summary fashion and refused Mering a new hearing. He made an appeal to the Supreme Court, and the decision of the lower court was revrsed and a new haring ordered. Mr. Mering is a prominent attorney of Woodland and is also well-known in this city, being an officer of the Pulgas Land Company,

Redwood Girl Weds.

Miss Bessie Ghase, who until recently attended Sequoia Union High School and who lived with her mother at Wellesley Park, was quietly united in marriage in San Francisco last Tuesday. Novembe 7th to Elmore Zapffe, an emplye of the Southern Pacific Co. The wedding was a very quiet affair, only immediate relatives and a few friends were present. County Clerk Joseph H. Nash of this city and Miss Bessie Mason of Menlo Park, who was a classmate of the bride at the high school, were among those present. The bride is an unusually handsome young woman, highly accomplished and a musician of ability. She is a cousin of Charles S. Fee, traffic passenger manager of the Southern Pacific Company.

In the Superior Court of the County of San Mateo, State of California.

In the Matter of the Estate and Guardianship of Arthur Mathiesen, a Minor.

Order to show cause why guardian should not be granted leave to sell interest of minor in certain real property.

Peter Mathiesen, the guardian of the person and estate of Arthur Mathiesen, a minor, having presented to the court, in the above entitled matter, his verified petition praying said court for an order of sale of the interest of said minor in certain real property situate in Redwood City, California, and it appearing to this court from such petition that it is necessary, expedient and beneficial and to the advantage and best interest of said minor to sell his interest in said real property, and for the purposes and reasons mentioned and set forth in said petition, to which reference is hereby made and the same made a part thereof for further particulars;

Now Therefore, it is hereby ordered that said petition be filed; that all persons interested in said estate appear before this court at the court-room thereof at the courthouse in Redwood City, county of San Mateo, state of California, on Thursday the seventh day of December, 1911, at the hour of ten o'clock a. m. to show cause, if any they have, why the prayer of said petition should not be granted an order made granting to said guardian the right to sell so much of the interest of said minor in said real property as shall be necessary, expedient, beneficial and to the advantage and best interest of said minor, at either public or private sale; and that a copy of this order be published at least once a week for three (3) successive weeks before said day of hearing, in the Times-Gazette, a newspaper of general circulation published in said county of San Mateo, state of California.

Dated this 9th day of November, 1911.

GEO. H. BUCK,
11-11-4 Judge of said Superior Court.

Notice of Sale by Referees in Partition

Whereas, an interlocutory judgment in partition was given and made in and by the superior court of the county of San Mateo, state of California, on the 19th day of October, 1911, in that certain action then and now pending in said superior court, wherein John T. To our Friends and Patrons:

In justice to our customers, as well as our selves, we have decided to change our name from the McKibben-Beal Company to the Palo Alto Furniture Company. As neither Mr. Beal nor Mr. McKibben has any interest in the business the title is misleading. This we wish to rectify by the above change.

We sincerely hope that the present management is entirely satisfactory to all of our customers. We shall endeavor, with your help, to make the Palo Alto Furniture Company the most talked-of furniture house on the coast in the matter of low prices and courteous treatment. If you find we are right, tell your friends about us and we will have them for our friends also.

We thank you for past patronage, which we wish may continue.

Yours respectfully,

CITY WILL BEAR PART OF EXPENSE

Trustees Endorse Suggestion to Encourage Improvement of Residence Streets

That the street improvement question is still a live one in Redwood City, was made evident at the city council last Monday evening which washeld with a full board present. And incidentally the trustees were given added evidence of the sincerity of the promise of the property owners of improvement district No. 17 that if the old plans were abandoned they would themselves loose no time in preparing for a prosecution of the work with more favorable conditions. Speaking in behalf of these interested people, Geo. W. Lovie outlined to the council plans for the work which it is believed would prove generally acceptable and would assure the scuring of improved streets in each of the three districts under consideration at the time the failure to dispose of the bonds compelled the abandonment of the work. The plan under consideration by the people of this district at present does not include the devotion of any portion of the streets to parks, but proposes the modification of the original specifications so as to secure a surface which is is believed much reduced cost to the owners will be equally as durable at a of the property who will be compelled to pay the cost. Another modification of the original plan, and one which the trustees seem to concede to being an equitable one, was a proposal that the cost ofpaving all street intersections, should be borne by the general taxpayers. This to be accomplished at this time through the medium of a bond issue. According to the statement of Mr. Lovie, which went generally into the details of the plan, the improvement as proposed by the people of district 17, could be secured at a cost of about 6½ cents a square foot, or a total of less than $1.75 foreach front foot of the property affected. From an inspection of the plans of the three districts it had been determined that if the same districts were improved as contemplated in the original plans, there would be a total of 54 intersections to be paid for by the city. These, with the frontage of public parks for which the city is responsible, would entail a maximum cost of $25000, for which it would be necessary to issue bonds. The legal phases of the question were also given consideration, and it was the recommendation of those interested that the work be proceeded with under the provisions of the local improvement laws adopted at the last session of the legislature as being the most expeditious and involving the least expense for preliminary work, as well as providing an assurance of the disposal of street improvement bonds.

In the same connection Attorney Archer Kincaid, who has been the legal representative of the improvement association, called the attention of the trustees to a provision of the law governing cities of the 6th class which seem to make it mandatory that the general treasury should bear the cost of the improvement of street intersections. While this interpretation of the law was a new one to the trustees, none of them were ready to question the position that this plan was an equitable one and in justice should be followed in all cases. At the request of Mr. Lovie, who urged that no time be lost, the recommendations were referred to the street committee with instructions to present some definite plan of action after consulting with the property owners and the city engineer.

The only other matter of special interest to come before the meeting was the presntation of a report of his attendance at the meeting of the League of California Municialities by CityHealth Officer Dr. J L. Ross. While Dr. Ross gave a general account of the session, his report made it evident that he had devoted the greater portion of his time to the health department, with the result of securing many valuable suggestions for the conduct of the board of health. Dr. Ross presented an interesting array of vital statistics and outlined several methods of sanitation which had been suggested by health department delegates to the convention, some of which may prove valuable locally.

Trustee Sampson, to whom had been referred various plans for a heating system for the new city hall building, reported recommending the adoption of the hot water system as the most practicable for a building of that size. As a matter of economy incost of operation he recommended the use of coal for fuel. As against this portion of the recommendation the council took under consideration a proposal submitted by the United Gas & Electric Company to install a gas heated boiler on trial without cost. While it was not contended that gas was the most economical it was represneted that it proved a much more convenient fuel, a matter of considerable importance in a building of this character. This claim found considerable weight with the council and the matter was referred back to Trustee Sampson for further investigation.

On the recommendation of Trustee Brown of the finance committee, it was ordered that the insurance of $5000 on the city hall building be divided equally between companies represented by Geo. W. Lovie Mrs. Thorpe and Mrs. McCracken.

Trustee Sampson of the health and police committee submitted a report from Night Watchman McGlynn charging that on one night during the past week the Demartini saloon has been kept open later than the hour fixed for closing in the ordinance. Clerk Plump was directed to summon the proprietor of the place to appear before the council at its next meeting to make answer to the charge.

Trustee Brown of the finance committee reported adversly on the application of Mrs. Sweeney to be allowed to conduct a sewing machine agency under the rate of a merchants license, the ordinance being specific as to the amount of license to be required of a sewing machine agent. On the report the application was denied and clerk was directed to notify Mrs. Sweeney that she must pay the license required by the ordinance.

Bids for furniture for the vault at the city hall were referred to Trustee Beeger with power to act.

On recommendation of Trustee Hynding the consideration of the street railway franchise was again laid over for two weeks. This action was taken in order to give an opportunity for a review of the provisions of the franchise by the Board of trade at its meeting next Tuesday evening.

Chairman Merrill suggested that some effort be made to revive the project of tree planting for the streets which had been allowed to drop last year owing to the lateness of the season. What little work in this direction had been done, he said, had been the cause of favorable comment and its prosecution would be a decided advantage to the city. At his suggestion Street Superintendent Dickey promised to make another endeavor to secure action among the property owners.

Progressive payments on accounts for public work were allowed as follows: A. Hess, storm sewer on county road, $2250;C. P. Nott, Center street bridge, $1125; R. A. McLean, city hall, $1436.

Carr, who sued Abraham Stern for $25,060 for injuries received when knocked down by Stern's automobile at Palo Alto some months ago, sought to have his case sent back to San Mateo county from San Francisco, claiming that the witnesses were all there. The San Francisco court refused the change and Carr appealed to the Third District Court of Appeals at Sacramento and that tribunal on Wednesday rendered a decision holding that the lower court erred and sent the case to the Superior Court of San Mateo county for trial.

Farewell to Popular Priest

The threatening weather of last evening did not deter the friends and admirers of Father Lyons from gathering in large numbers in the Parochial hall to tender him a farewell reception on the eve of his departure for a wider field of endeavor in San Francisco There was an outpouring of people anxious to bid him God speed and good luck in his new parish.The large gathering only demonstrated the strong affection and confidence the people have for him, as well as a mark of appreciation of the good work he has done during his eight years as pastor of the Church of the Nativity. The many words of commendation and expressions of regret at his leaving must have made a strong impression upon Father Lyons. For over a week a committee has been at work preparing for the reception and the program rendered was indeed a creditable one. A solo by Miss Grace Partee was heartily encored. Jas. T. Lynch was in good voice and rendered two songs, Father Gleason of Palo Alto delivered an eloquent address commending the good work of Father Lyons while in Menlo Park. The address was followed by a solo by Mrs. W. J. Glenn, who was applauded to the echo. After a flag drill by the children of the parochial school, Samuel M. Shortridge stepped to the platform and in an eloquent and impassioned address, resented Fahter Lyons, on behalf of the citizens of Menlo Park with a beautiful gold watch suitably inscribed. The speech was one of the best ever delivered by that silver tongued orator. Father Lyons was overcome with emotion, but in a few words thanked the people for their appreciation of him. He had scarcely sat down when Esther Greer, on behalf of the pupils of the parochial school, in a well worded address presented him with a costly gold chalice. Father Harrington, on behalf of the Menlo Park Dramatic Club delivered a farewell speech, taking occasion to say that the success of the club was due to the retiring pastor. The program was concluded by a vocal solo by Mrs. J. J. Downey. Father Lyons leaves today for his future home in San Francisco, bearing with him the best wishes of the people of Menlo Park.

Elks Coming to Redwood.

The San Mateo Lodge of Elks have given many interesting and talentedshows in their home town, the members in Redwood, always having attended in a body. The minstrel show of two years ago given by the lodge under the management of Miller and Draper was a success and as these gentlemen have charge of the present performance its high class can be unquestioned. At the solicitation of the local Elks the show will be brought to Redwood City on the night of Wednesday, November 22. The songs to be presented on this occasion will include all of the latest vocal hits of the New York stage. The concluding act will depict an old plantation scene and will show the negro as he really is below the Mason and Dixon Line. This act gives opportunity to work in "soft shoe" and "buck and long" dancing, also old Southern jubilee singing, the first scene being an old time darkey wedding. It is stated on good authority that our fellow townsman Guy P. Hull will be Eliza in this interesting characterization.

It is exected that all the friends of the order and all who enjoy a strictly up-to-date and jolly show will be on hand for the erformance.

Tickets will be at Ryan's Drug Store, commencing Saturday, November 18th.

HARRY C. LOVIE CALLED TO REST

Dread Destroyer Claims One More of the Native Sons of San Mateo County

The death angel has entered the home of one of our pioneer families and another native son of San Mateo county has gone to explore that undiscovered country from whose bourn no traveler returns. Shortly after the midnight hour Tuesday morning Harry C. Lovie, the second son of Mr. and Mrs. George W. Lovie passed to the great beyond at the home of his parents in this city. Usually coming as a dreaded visitor, death came to this young man as a welcome angel, affording the only looked for relief from earthly pain.

Born in Halfmoon Bay a little more than 36 years ago, deceased had spent practically his entire life in San Mateo county. Here he formed the pleasant ties of youth and cemented the bonds of manhood, calling unto himself strong friendships in every section of the county, among whom the news of his passing will be received with strong regrets.

Many months ago the bright prospects of life were marred by the advent of disease from which but little hope of recovery could be held out, and from that time the young man has been a patient sufferer. To the last he maintained a cheerful disposition, fearing not the going, only regretting the parting.

Though the sad event had not been unexpected, the unwelcome news was received by many friends of the family with much regret and many expressions of sympathy. These were manifested in the messages of condolence and offerings of floral tributes sent to the bereaved home.

In accordance with the wishes of the family of the deceased, the funeral services were private, and only the family and a few invited friends were present at the last rites, which were held at Cyress Lawn Cemetery Thursday afternoon. Besides his parents, deceased is survived by three brothers and three sisters: William G. Lovie, Albert J. Lovie, Chester A. Lovie, Cora E. Lovie, Mrs. H. E. Mourot, and Mrs. E. A. Schofield, who have the sympathies of the community in their bereavement.

Judge Buck has appointed R. F. Chilcott inheritance tax appraisers of the estate of W. C. Black, deceased.

The complaint alleges that McGovern entered into an agreement on August 24th last, to deliver plaintiff 1500 sacks of red oats at the rate of $1.33 per hundred pounds. He failed to fulfill his contract, though requested to deliver the oats on several occasions. The contract was executed at Purissima. Besides the damages the plaintiff asks for cost of suit.

SISTERS BEGIN CONTEST FOR VALUABLE PROPERTY

Reed Ranch at Pescadero Object of Bitter Legal Dispute

Cornelia B. Hubbard and Mary Ownes have filed a contest to the first and final account of William H. Reed, administrator of the estate of James Reed, deceased. James Reed died at Pescadero in November, 1910. Shortly after letters of administration were granted to William Reed, a nehew by half blood of the deceased. Elizabeth Reed, died in 1908. She and James Reed were married in New York in 1852 and there was no children born to them. The contestants are sisters of Mrs. Reed and claim a half interest in the estate as it was all community property. The account shows that there is a cash balance of $14,022.31 in the hands of the administrator. The ranch near Pescadero is valued at $40,000.The contest romises to be a bitter one and will be fought to a finish. Harr J. Bias and Chas. M. Cassin of Santa Cruz are the attorneys for the contestants. The Reed ranch near Pescadreo is a valuable piece of real estate and is growing in value every day.

Woodside Notes.

D. Bromfield, the engineer, is subdividing theC has. Josselyn property here. It is understood that the land will not be placed on the market for sale but apportioned to his children for home sites. The property is the choicest in this locality.

Hugh McArthur, one of the oldest and best known residents of Woodside, is very low and his death is momentarily expected. He has lived in Woodside for nearly forty years and has always been engaged in the lumber business. Those who knew him best loved him most. He is a man of high ideals and a progressive citizen.

An additional member has been appointed to the medical faculty of Stanford University by the board of trustees. Dr. G. B. Somers, at present physician superintendent of Lane Hospial, San Francisco, has been named clinical professor of gynecology in the department of medicine. The doctor spends his summers here. His wife was formerly Miss Hooper.

J. A. Folger and family have moved to the city for the winter. Mrs. Folger will entertain a great deal this season in the city. She has set a precedent that is certain to be met with great favor. In place of the afternoon reception, which has always been almost exclusively a feminine affair, she plans to give the reception for her two daughters, the Misses Genevieve and Evelyn Cunningham, in the evening,when the men are at leasure to attend. Any sort of a function without men is apt to be insipid and certainly cannot be brilliant, for women are without exception at their best in the company of both men and women. Moreover, a coming-out party should include men, for a young girl is very apt to know all her mother's women friends, having met them when on calls. Then, too, an evening recection offers opportunity for diversion in the ballroom; but the afternoon affair is conventionalized into nothing beyond the tete-a-tet, and this is generally impossible in the babble of greetings. The Folger reception is for the evening of the 21st of November.

BOOSTERS HEAR SOME GOOD TALK

Colonel Britton Hands County Development Association Wholesome Advice

It has been many a day since the boosters listened to a speech such as Colonel N. J. Brittan of San Carlos delivered atthe general meeting of the association held Tuesday night.

Brittan wove a web of sorcastic humor about the county's history from the days of the vigilantes up through the days of the naming of San Carlos, the railroad depot near which his country home is located, that of the Alameda de Las Pulgas, "highway of the fleas," down to thetime of the last booster meeting in his district. His speech contained much for the serious consiredation of the large number of boosters present and at the same time—kept them busy recovering from his last pointed witticism in the time to appreciate the next.

The half fare rates for children on the lines of the United Railroads in this county have been unavoidably delayed on account of a misunderstanding that arose between General Manager Black's office and the Railroad Commission. The attaches of the state body were of the opinion that the rate schedule had beenproperly filed and was in effect which as a matter of fact was not the case. The officials of the two organizations are now working on the matter and as soon as the necessary details can be compiled with the rate will be in effect. It has been decided to postpone the filing of the suit of the Development Association with the Railroad Commission, charging discrimination in rates on the art of the Southern Pacific. Attorney Seth Mann has advised the Association that certain conditions will arise shortly, particularly the special session of legislature, which will have a direct bearing on the case and for that reason the board of governors have decided to ostpone action until a more opportune time in the near future.

San Mateo county is now receiving more publicity that she has enjoyed during the last half century. The bulletin boards of the Development Association, advertising the county as the ideal home district, are completed. Baldwin & Howell, the San Carlos Park Syndicate are advertising widely in the same manner and the Peninsula has a heavy publicity campaign well under way using bulletin boards, electric signs and magazine advertising. Determination to rush the proposed meeting between the State Highway Commissioners, the Tri-County Committee and the Board of Supervisors of the three counties was shown by the boosters and the matter will be presented. D. G. Martin's resignation as secretary was accepted by the Board of Governors and the matter of appointing his successor will be considered by the executive committee Friday evening. J. M. Custer of San Bruno vacant by the resignation of Mr. is temporarily filling the place left Martin.

Harry Owegney, the San Francisco chauffeur who was arrested for running down Ted Martinstein, the motorcycle patrolman, had his case dismissed in Judge Lamkin's court yesterday by paying Martinstein $250.

Donald W. Williams, cashier of the Savings and Trust Company, has arrived home from a trip to Maine where he went with the body of the late Senator A. P. Williams. The trip was a sad one and Mr. Williams is glad to get back.

Service at the M. E. church next Sunday as usual. Sunday school at 10 a. m;. preaching at 1 o'clock and 7:30 p. m. Subject for morning "Consecration for Service;" evening "The First Commandment with a promise."

The All Star basketball team of Redwood will play the Cogswell sophomores next Tuesday evening at the gymnasium at 8 o'clock. A good game is guaranteed. In order to make expenses an admission fee of 10 cents will be charged.

To give an idea of the increase of work in the recorder's office it may be stated that 6750 papers were filed since last January and the amount realized in fees was $9503-.60. The work of the office is increasing, rapidly which shows the growing demands for San Mateo county real estate.

The Ladie's Aid Society of the Congregational church will give a sale Friday and Saturday, November 17 and 18. in the vacant store formerly occupied by F.C. Bomberg. The sale will consist of dolls, doll clothes, domestic and fancy articles. There will be a home cooking food sale on Saturday afternoon.

Rev. J. M. D. Davidson, of Macomb, Illinois, was hereduring the week as the guest of Dr. J. L. Ross and George C. Ross. He is a boyhood friend of the Ross family and was delighted to see them and was much pleased with this portion of California. He will spend some time at San Jose before returning east.

The people of Redwood City are pleased to know that Charles M. Fickert has been re-elected district attorney of San Francisco for it means that Richard Barrett of this city will be retained in his position as bond and warrant clerk. Kenneth M. Green of San Mateo will also be retained as Mr. Barrett's assistant, a position he has been recently chosen to fill.

Friends to the number of twenty-five went out to the Woodside home of Mr. and Mrs. John D. Gish in tally hoes and automobiles Tuesday night and gave them a surprise party. The invaders carried with them all the delicacies of the season and when they took possession of the Gish domocile the inmates were indeed surprised. The evening was made merry by card playing, social converse and games.

Patrons of the Bell Theatre were given another splendid program last night. The "Runaway Leoard," one of the strongest comedy pictures ever shown, was the strong part of the program and will be repeated this evening and sould attract another full house. For next week Manager Nathhorst expects to secure the "Reformation of the Apache Kid," a picture dealing with one of the strongest western romances ever written.

Tax Collector McSweeney with his corps of assistants is working over time since the first of the month in order to keep up with the work of the office. Every mail package brings a large amount of money and the clerks are kept busy checking up and sending out tax receipts. The coming week promises to try the mettle of the new tax collector but he has already demonstrated his ability to ready demonsrtated his ability to cope with any emergency.

Change of Meeting Date.

The regular meeting of the Redwood City Board of Trade will be held on Wednesday of next week instead of Tuesday evening as has been the rule. This change of date was made oat the meeting of the executive committee Thursday evening in order to avoid conflict with the meeting of the Development Association board.

THOMPSONS SEEK DIVORCE; BATTLE IN COURTHOUSE.

A lively battle, the aftermath of a divorce suit, occured in the rotunda of the courthouse yesterday aternoon. The suit of Sarah Thompson against her husband, John Thompson, had been tried and submitted and the parties to the action were leaving the courtroom when Benjamin Mellor, the brother of Mrs. Thompson, attacked Thompson and attempted to beat him. Thompson closed in with Mellor and was holding him when the mother and sister of Mrs. Thompson joined in the fray and proceeded to administer a castigation to Thompson which consisted of hair-pulling and scratching, with an accompaniment of unearthly screeches. Attorneys Mansfield and Zabala, representing Thompson and his wife respectively, took a hand and rescued Thompson from his male and female assailants. The sheriff heard the row and rushed upstairs and placed Mellor under arrest, after which Thompson swore to a battery charge against him.

The Thompsons reside at San Carlos where the husband is employed at the Spring Valley pumping works. Mrs. Thompson brought suit for divorce, charging cruelty and Thompson filed a cross-complaint charging more cruelty. The couple are very bitter toward each-other.

DEMONSTRATION TRAIN TO START NOVEMBER 13

Farmers, vineyardists, orchardists, stockmen, poultrymen, beekeepers—in fact, every resident (male and female) of rural California, will be interested in the announcement that the annual demonstration train of the Southern Pacific Company and University of California will start on its fourth tour of the State on November 13, leaving Sacramento at 7:30 o'clock in the morning and holding its first meeting at Lincoln, Cal., commencing at 9 o'clock the same morning. The initial trip contemplates a ten days' absence and includes stops at thirty-one communities in Northern California.

The make-up of the train—which will be in charge of experts from the Agricultural College of the University and from the State Farm at Davis—will consist of six passenger coaches, given over to exhibits of different branches of husbandry; one baggage car, also for exhibits; a sleeper, a diner and a baggage car for the accommodation of the train crew. Passenger coaches contain samples of various grain, fruit, and vegetable crops, together with interesting displays of other State products which cannot fail to engage the attention of the up-to-date grower and producer.

This will be the fourth annual junket of the demonstration train, which has accomplished a great work in the education and advancement of the California farmer.

Mr. Kirtland Resigns.

The resignation of Rev. Chas. C. Kirtland, pastor of the Congregational church, Sunday was a surprise to his congregation. It will also be a matter of regret to the entire community where Mr. Kirtland has labored zealously for eight years, earning the high esteem of all. Mr. Kirtland denies that he is in what might be termed ill health. He thinks, however, that a few years of out-door life will better fit him for his chosen vocation as a minister of the gospel, During his temporary retirement he will aim to so improve his physical condition, returning to his work with more strength and vigor. His resignation does not take place until after January 1st.

Attempt to Injure Patrolman.

Ted Martinstein, the motorcycle patrolman, swore to a warrant in Judge Lampkin's court Saturday charging Harry Owesney, a San Francisco chauffeur, with attempting to run him down at Beresford Friday. Martinstein's machine was struck by the heavy automobile that Owesney was driving and the patrolman was thrown to the ground and his finger broken. Judge Lampkin issued the warrant and fixed bail at $5000. Owesney has not yet been arrested. Some weeks ago Martinstein was run down near Beresford and painfully injured.

Recall of the Judiciary.

One of the most closely fought debates that has been held at the high school was that on Friday afternoon when they discussed the question, "Resolved, That the State Judiciary shall be subject to recall upon the petition of 15 per cent of the voters." The affirmative side was represented by Miss Fay Thorpe, '13 and Miss Grace Steinberger, '12, while Percy Smith, '14 and Stephen Tichenor, '14, had the negative. Roy W. Cloud, Mrs. J. H. Mansfield and Mrs. J. E. Hartley were judges who gave the decision to the affirmative.

Manual Training at Grammar School

N. C. Edwards, teacher of manual training in the grammar school, has resigned his position owing to pressure of work at Stanford University. H. L. Abell has been chosed by the trustees as Mr. Edwards successor. Mr. Abell is an experineced and successful teacher. He is one of the young men who built the model of the Parthenon that was awarded a gold medal at the Alaska-Yukon exposition. He will devote five afternoons to his work, instructing the fourth grade boys in manual training as well as the fifth, sixth, seventh, and eighth

Thomas Curran, the eldest son of James Curran had an accidental fall Saturday night which caused a double fracture of the bones of his right leg below the knee. While the break is a serious one the doctors do not anticipate any serious results and look forward to the recovery of their patient within a reasonable time.

COUNTY NOW HAS AN EFFECTIVE LIQUOR LAW.

San Mateo county has always had an elaborate liquor ordinance, but strange to say the ordinance was not worth the paper on which it was written, because of a small omission in its wording. Whoever drew the ordinance neglected to provide a penalty for its violation and for this reason it was ineffective. This omission was recently discovered by District Attorney Swart who immediately prepared an amendment prescribing a fine of $120 for violations of the law. The amendment went into effect Monday. It was aimed to keep the matter sceret but is said that some liquor dealers in the county knew of the ineffectiveness of the law and were taking advantage of it in the sale of liquor without license, or in the maintenance of saloons in certain districts where liquor is not permitted to be sold.

The officers have a law now to work under and a movement will at once be started to close up the illicit drinking places as fast as they are reported.

CURE YOUR KIDNEYS

Do Not Endanger Life When a Redwood City Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness headaches, languor, why allow themselves to become chronic invalids, when a tested remedy is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to preform their work.

If you have any, even one, of the symptoms of kidney diseases, cure yourself now before dropsy or Bright's disease sets in. Read this Redwood City testimony:

Mrs. Isabel Ramirez, 109 Heller St., Redwood City, Calif., says: "My back was weak and painful and I felt tired and devoid of ambition. Hearing Doan's Kidney Pills highly spoken of, I was induced to try them and they proved to be just the remedy my system required. The pain and lameness which had bothered me so greatly disappeared and a kidney weakness was also corrected. I am grateful for what Doan's Kidney Pills have done for me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
